SUMMARY OF MEETING ACTIONS/MINUTES

Call to Order

The Annual Meeting of Association Members held on Wednesday, June 22, 2022, was called to order at approximately 11:15 a.m., EDT, by NASW's President Mit Joyner, who presided over the meeting. A quorum was established for the meeting.

President Joyner welcomed members who joined the meeting. In her opening remarks she reiterated the Social Work Month theme, *The Time is Right for Social Work*, which has been the focus of her presentation at various chapter events and is apropos, given the current social and political climate of the country. She noted that we have been in a COVID environment and are being reconnected for the first time in almost three years. We must attend to our mental health needs; social workers have been on the front line and have seen firsthand, the impact of the virus on individuals, families, and communities. President Joyner acknowledged those social workers who lost their lives while serving others in the fight against the COVID virus.

President Joyner also spoke about gun violence and the mass shootings in Brooklyn, New York and Uvalde, TX, where many children and educators at Robb Elementary School were killed. She spoke about the mental health crisis facing the nation and encouraged members to become actively engaged in building safer communities, to become problem solvers and to assume their gatekeeping role.

Review and Approval of Agenda

The agenda for the meeting was reviewed and a motion taken for its approval.

M/S/Carried

(Gary Bailey -MA/LaTonya Charles -LA)

To approve the agenda for the 2022 Annual Meeting of Members as presented.

State of the Association

Chief Executive Officer Angelo McClain gave the state of the Association in which he spoke about the programmatic focus driven by the Delegate Assembly approved program priority goals. He reported that many of the strategic objectives outlined in the FY 2021-22 program plan were achieved through the collective efforts of chapters and the national office.

Dr. McClain also mentioned the continued trend in membership growth; the PPP Loan Forgiveness; and the Vaccine Grant that is being administered through the NASW Foundation. The goal of the grant is to train social workers to work with diverse populations to counter vaccine hesitancy. Speaking about the NASW National Conference, Dr. McClain said that he was encouraged by the number of registrants, exhibitors and dynamic speakers who would be participating over the next several days. He noted that we have exceeded expectations in terms of the number of registrants and extended appreciation to members for their ongoing support of the Association and the conference.

Additionally, in support of NASW's social justice agenda, the Association partnered with the Poor People's Campaign that spearheaded the Poor People's Assembly and Moral March on Washington on June 18, 2022,

to call attention to the negatives of systemic racism, poverty, and ecological devastation. It was mentioned that Reverend Dr. William Barber, II who is Co-Chair of the Poor People’s Campaign, would deliver one of the keynote addresses during the conference.
