An Hour With Private Practice: Questions & Answers

JANUARY–JUNE 2018 SCHEDULE

An Hour With Private Practice: Questions & Answers (HOPP) is a free question and answer session for NASW members. The monthly call-in sessions focus on a specific private practice subject and are led by Mirean Coleman, LICSW, Clinical Manager at NASW. There is no registration and members can join in the discussion, ask questions, and make comments. These sessions provide members with important clinical social work updates impacting the delivery of mental health services.

HOPP is held every third Wednesday of the month from noon until 1:00 pm ET. No session is held in December due to the holidays. Handouts are available upon request at mcoleman.nasw@socialworkers.org. Within several weeks of a scheduled session, handouts are permanently available at SocialWorkers.org/Practice/Clinical-Social-Work, click on practice tools.
