Members who join as students are eligible for discounted transitional rates for up to three years after graduation with continuous membership. Doctoral student members are earning a doctoral degree in social work or social welfare.

Associate Student Members are enrolled in an undergraduate or graduate degree program in a field other than social work or a program not accredited by CSWE and do not already hold any social work degree.

Associate Members have a professional interest in, or are supportive of, the issues addressed by, or the client populations served by, the social work profession and do not have a CSWE accredited social work degree.
